

Wicked Little Letters Film Trail

In the autumn of 2022, Arundel was chosen as the location for a major feature film starring Olivia Colman and Jessie Buckley. *Wicked Little Letters* is based on a true story which happened in nearby Littlehampton in the 1920s. The events ended in there being a trial held at Arundel Town Hall when it operated as a court.

To mark this occasion, here are some photos showing the shops and locations to look out for around Arundel.

Try and identify the shops and cafes you see today on the high street as they were dressed for the film. Make a note of the name of the real shop by the picture.

We hope you enjoy taking part in this trail!

Start on the High Street and then continue up to the Town Hall.
